

How to get the *perfect* X-mas greeting photo

First, you need a nice, *X-mas-feeling* environment

Then you will need a *super-cute baby!*

And some accessories...

Lightbulbs are really "*christmassy*" and creates nice lighting in the photo aswell. *Good idea!*

Yes! Very nice!

Oh - wait!

STOP!

NO! Stop it!
No eating on the lights!

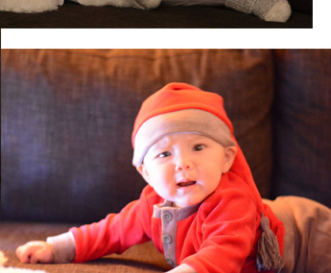

Let's try something else...
Christmas presents!

This will be cute...

Wait, stop that!
Don't **EAT** the presents!!

And then, suddenly... *eyes filled with wonder.*

There it is! *Merry X-mas Everyone!*
